VOLUME LXI. No. 1. REDWOOD CITY, CALIFORNIA, SATURDAY, APRIL 2, 1921 ESTABLISHED 1859

LOCAL MONEY WANTED TO IMPROVE HARBOR

The following letter, which is self-explanatory, regarding harbor improvement, was received this week from Washihngton:

Editor Times-Gazette:

The river and harbor act approved June 5, 1920, contained a provision for a preliminary examination of the "Redwood City Harbor and Creek, Calif." The required examination has been made by the district engineer and his report thereon is favorable to the extent of recommending a survey to determine definitely the cost of the additional improvement desired so that the question of local co-operation bay be better considered.

In accordance with law the report has been referred to the board of engineers for rivers and harbors for consideration and recommendation. From the information presented the board is not convinced of the advisability of the United States undertaking any additional improvement at this locality at the present time for the following reasons:

1. The commerce involved is relatively small and there is no definite assurance of a material increase.

2. The existing project, if maintained, will afford fair barge navigation facilities up to the old municipal wharf, only three-foruths of a mile from the business center of the city. To provide similar facilities above the head of the present project, including a turning basin, would involve unduly large expenditures for maintenance.

3. If for local reasons interested parties find it advisable to use the creek above the old municipal wharf they should bear the additional cost as a matter of co-operation.

All parties interested in the proposed improvement are invited to submit, within a period of 30 days from the date of this notice, statements and arguments bearing upon the necessity for the improvement in the interests of commerce and navigation. Such statements should be addressed to "The Board of Engineers for Rivers and Harbors, Munitions Building, Washington, D. C." Should a hearing be desired, this can be arranged by correspondence with the board.

The company had spent several thousand dollars in building the crossings in this city during the past five years, but had never succeeded in getting anything to stand up under the heavy traffic. ENGLAND IS BLAMED FOR IREAND'S MISERY

Moral responsibility for the present disorders in Ireland is placed on the British government by the commission of the committee of 100 investigating the Irish question in a 30,000-word report made public in Washington yesterday covering the examination of witnesses at public hearings held by the commisison last November, December and January.

The report has been issued under the title of "The American Commission on Condions in Ireland," which announces that it will continue the inquiry.

Declaring that the commission was "under the disadvantage of lacking the official British side of the case," except as it was gathered from documents presented to it, the report declares that "the imperial British army in Ireland has been guilty of proved excesses, not incomparable in degree and kind with those alleged by the Bryce report on Belgium atrocities to have been committed by the imperial German army." The Bryce commission, it is pointed out, was similarly handicapped.

Thirty-eight witnesses of alleged atrocities, including 18 Irish, 18 American and 2 English citizens, testified before the commission. The commission admits that its report is ex parte in spite of its efforts to hear all sides. The testimony available, the report says, gives the case therefore, almost wholly grom the Irish republican or Sinn Fein viewpoint, or "from sources not unsympathetic to the application of the principle of self-determination to Ireland." The Ulster unionist viewpoint and that of the British authorities in Ireland, the report says, were not represented among the witnesses.

It was rumored late yesterday afternoon that Mark A. McCann, the realty broker, had sold the old Selby ranch of 400 acres on the highway at Atherton to a large fraternal organization of Los Angeles to be used as a fraternal home. The deal it was said will be consummated today.

The Selby ranch is one of the finest in the county and was the property of the late T.H.Selby, who was at one time mayor of San Francisco. Should the Los Angeles people take it hundreds of thousands of dollars would be expended in erecting new buildings on the property.

FORTUNES OF WAR BRING VIOLINIST TO AMERICA

Chautauqua Presents Prominent French Artist, Mlle. Lucile Collette

Mlle. Lucile Collette, the sensational French violinist, is one of the most notable artists ever presented on the Western Chautauquas. The fortunes of war brought her to America and her success here was instantaneous. The Montreal Gazette in speaking of her

recent appearance in that city said, "She is a brilliant violinist somewhat of the Kubelik type, although with a much more brilliant and masculine tone." She is now under contract with one of America's leading phonograph companies. She has appeared in the East with Ethel Leginska, Graveure, Martinelle, Botta, Rothler and many other great artists.

CHARLES ROSS DIES IN CELL AT COUNTY JAIL

Charles Ross, charged with the crime of arson, was found dead in his cell at the county jail by Deputy Sheriff Jas. Coleman early Saturday morning last. The deceased went to bed the evening before, wrapped himself in his blankets and went to sleep. When Mr. Coleman entered the cell he found him in the same position.

Ross was arrested in San Francisoc last month on suspicion of setting fire to the big boats of the Alaska Codfish Company at the water front on March 16.

W. A. Brooke held an inquest on Saturday. Heart disease was found to be the cause of death.

Ross was up until about a month ago employed at the local plant of the Alaska Codfish Company. He became intoxicated one day and was discharged by Superintendent J. J. Hahir. Early in the morning of March 16 fire was discoered simultaneously on three of the company's boats that were anchored in the channel alongside the plant. The fires on two of the boats were extinguished quickly with the use of the company's apparatus, but on the third vessel flames had made such headway that it was not until several fire boats had come down from San Francisco that the ship was saed from entire destruction. The damage to the three vessels, according to Superintendent Hahir, was in the neighborhood of $12,000.

LAW TO PROTECT RED BERRIES IS PASSED BY THE SENATE, 23 to 14

The Toyon, or Christmas Red Berry trees in San Mateo county will no longer be destroyed by vandals each year, if the bill passed yesterday by the Senate becomes a law. After three days of talking the bill of Senator Walter Eden of Orange was passed by a vote of 23 to 14.

The bill, adding section 348A to the Penal Code, reads as follows:

Any person, firm or corporation is guilty of misdemeanor

(a) Who mutilates or destroys any Toyon or Christmas Red Berry tree (hetheromeles arbutifolia) growing on public or private land unless in the case of private land, the owner gives his consent thereto;

(b) Who sells, offers or exposes for sale any Toyon or Christmas Red Berry (heretomeles arbutifolia) or any part thereof grown on land in this state; provided that this paragraph shall not prevent the sale of such Christmas Red Berry taken from privately owned land by or with the consent in writing of the owner of the land.

Most of the opposition to the bill came from the cities, the San Francisco senators particularly saying the bill would make criminals of children who gather and sell the wayside berries at Christmas time and keep cheer from the poor child's Christmas tree.

The proponents of the bill told of how Red Berries are being destroyed by indiscriminate mutilation of the bushes that produce them.

THE MISERY OF IRELAND

The sad plight of Ireland has excited sympathy of the civilized world. Never in her long history has she witnessed such misery, sorrow and physical suffering as these later months have brought to her. Men, women and children left homeless and destitute make their heartfelt appeal to the conscience and kind offices of mankind.

To relieve Ireland's distress which looms larger as the days wear on, the American Committee for Relief in Ireland, non-religious and non-political in makeup, has been formed. Men of national and international prominence grace that Committee and have sounded a call for assistance to Erin.

The Northern California branch is organized for the drive April 6, 7 and 8, with R. M. Tobin, California banker, as chairman. Included on his committee are many prominent civic and philanthropic leaders of varying religious and political views.

The aid given will be distributed with impartial hands. Men, women and children of Ireland, whether they dwell in the North, South, East or West, will partake alike of the bounty that generously inclined Americans will extend. In the name of humanity and Christian civilization, our most prominent citizens have issued this touching call to duty.

Let us respond to that call ere deprivation and want menace with annihilation this saddened people.

SAGE COUNSEL

Warning the United States of consent to no interference with the Monroe Doctrine, Dr. Edwin M. Borchard, of Yale University, declared before the foreign service school of Georgetown University recently that "Europe is like a group of gamblers seated around a gaming table where each in turn rakes in the bank." "Our duty," said he, "is to keep as far remote as possible from their intriguing enterprises for the balance of power" and "the second fundamental of the United States' foreign policy is that we suffer no interference from Europe."

Dr. Borchard was formerly law librarian of the Library of Congress, and while serving in that capacity he prepared a very scholarly work, "Guide to the Law and Legal Literature of Argentina, Brazil, and Chile." He is an authority of high repute on Latin American questions, and his researches in that field have strengthened his faith in the efficiency of the Monroe Doctrine to make for peace in the Western Hemisphere and to guard against the extension of European intrigue into the New World. In this connection it is interesting to recall that Dr. Hiram Bingham, also of Yale, and the author of "The Monroe Doctrine on Obsolete Shibboleth,' 'after further study of Latin American questions is said to have recanted and now to be an ardent supporter of the principles recited in Monroe's immortal document.

TERRITORIAL GOVERNMENT FOR THE PHILIPPINE ISLANDS

George H. Fairchild, publisher of the Manila Times, is opposed to independence for the Philippine Islands and advocates the establishment of a territorial form of government instead. Mr. Fairchild's suggestion is worthy of careful consideration as it comes from a man who is able to speak authoritatively on the Philippine question. Agout all that would be necessary to effect the territorial form of government for the Philippine Islands would be to permit them to elect their own governor and vice-governor. Those are practically the only two officials now appointed by the United States to take part in the government of the Philippines. A provisional territorial government, subject to American supervision, and under American protection, with due regard for the protection of vested rights and individual liberties, would give the Filipinos an opportunity to put to the test the confidence which they now have in themselves. The government of Hawaii operates along such lines.

R. R. STATISTICS

Statistics compiled by the Bureau of Railway Economics show that railroad wages increased 130 per cent in the period from 1915 to 1920. In the former year there were 1,433,904 employees with an aggegate wage of $1,190,223,755 at an average rate of $830 per year. In 1920 there were 1,993,524 employees receiving $3,-808,000 at an average salary of $1,-910. In considering the controversy now going on between the railroad executives and the employees it is well to bear in mind the above figures.

CHINESE TAKE CHANCE

"Chinese merchants are enthusastic over the resumption of trade relations between Britain and Russia" says a dispatch from Shanghai. 'They anticipate early similar action by the Chinese government and China representatives now at Peking and Shanghai are preparing for trading. Chinese Turkestan already is trading with Russia through a separate agreement recognized by the Peking government. The Manchurians are trading through Harbin and Vladivostok." The dispatch then goes on to say that "many American business men in Shanghai hoped to trade with Russia through China despite the blockade, but Yourin, the China representative, refused to consider any project until legalized by the American Government. Should China resume trade relations, Americans will trade with Russia through Chinese firms."

If there is any nation more conservative than China, it has been overlooked, but evidently the fear of Bolshevism is not deterring the Chinese from grabbing the trade opportunities which are presenting themselves. Americans trading with Russia through Chinese firms will, of course, pay toll to their Mongolian middlemen.

RESUMPTION OF DISCUSSIONS

All signs point to a resumption of discussions with the representatives of foreign governments. Since the elections of last November our foreign relations have been in rather a quiescent state, awaiting the time when President Harding should assume the reins of government for the next four years. The French Ambassador has made a lengthy call at the White House; M. Viviani, former French premier, is on his way to our shores; the British Ambassador has returned from a visit to England of several weeks, presumably to learn at first hand of his government's policy regarding the American debt and other matters: word comes from Italy that she is willing to arrange for paying her debt to this country, providing she is given time enough and the same consideration shown other debtor nations; Japan has taken a stand as regards the disposition of Yap that the United States cannot possibly accept; and other matters of less moment, such as the Panama-Costa Rica controversy, demand prompt attention. In the discussions covering the foreign debt to the United States $11,000,000,000 is involved, almost half the entire national debt of this country, and in negotiations on other questions the honor and future prosperity of America are at stake. The nation may well congratulate itself that there is a man in the White House who will approach every one of these problems with the thought constantly before him of "America first."

JAPAN TO DEIFY SPIRIT OF LATE HENRY P. BOWIE

Cables from Japan announce that a movement is on foot there to deify the spirit of the late Henry P. Bowie, in a special Shinto Shrine at Tokio. Bowie, who was a retired lawyer and wealthy property owner of San Francisco and Hillsborough, died at the Red Cross Hospital in San Mateo on December 21, 1920. He had been a resident of San Mateo county since 1884, and was the widower of the late Agnes Bowie and stepfather of Mrs. Julia D. Beylard, who died recently; George H. and J. H. P. Howard and a brother of Dr. Hamilton C. Bowie, Hyde R. and Allen St. John Bowie and Mrs. Helen Bowie Detrick.

About six weeks prior to his death he returned to Hillsborough from a trip to Japan and took up his residence at the Burlingame Country Club. He was a fluent speaker of the Japanese language and was president of the American-Japan Society in San Francisco at the time of his death. He was regarded by the Japanese people as one of their leading friends in the United States, and it is their desire to perpetuate his memory.

Apotheosization consists of the dedication of a shrine during a 100-day ceremony. Bowie's shrine will be known as the Bowie-No-Mikoto, according to the advices from Japan of the plan of the Shintoists. This is said to be the first instance of the apotheosization of any foreigner by Shintoists, and shows the remarkable place in the hearts of the Japanese people occupied by Bowie.

REDWOOD BOY HAS LEG BROKEN WHEN STRUCK BY A DELIVERY AUTO

John Varvich, small son of Mrs. Stella Varvich, a widow residing on Arguello street, suffered a broken leg and fortunately escaped more serious injury Sunday evening when he was run over by a delivery wagon of the San Carlos Creamery driven by Floyd Wilder.

According to the report of Wilder he did not see the lad until after the wheel of his delivery automobile had run over him, and he does not know how the accident happened. The boy was playing in the street and probably did not see the approaching machine and ran directly in front of it.

SUIT AGAINST COBURN ESTATE TAKES DAY IN SUPERIOR COURT

Practically the entire day was consumed Tuesday in the court of Superior Judge Buck by the suit of Harry J. Bias against the estate of Sarah Satira Coburn for legal fees claimed due for services rendered prior to her murder.

C. H. Widemann and J. A. Bardin as executors of the estate are named as defendant in the action. Bias, a San Francisco attorney, was employed by Mrs. Coburn to handle certain legal matters, which matters had never been concluded, and after her death he presented his claim of $5291.25 for fees and costs to the executors, which they refused to pay. He now asks judgment for that amount, together with interest from July 14, 1915, to date.

There was a court room full of legal talent most of the day. Bias was represented by J. J. Bullock, and the defendants by Cullinhan & Hickey of San Francisco. Other attorneys interested in the matter were Ross & Ross, C. H. Humphreys of San Francisco, H. C. Lucas, and John J. Barret, of San Francisco.

After all the evidence was heard the case was submitted to Judge Buck on briefs of ten, ten and five days.

LOUIS BERTHA HAGEDORN WAS GRANTED A DIVORCE

Palmay, mother of plaintiff. She is to receive $30 a month for the support of the minors. The household furniture and an automobile was given the plaintiff and certain realty in Nevada county was awarded to defendant.

LATE MRS. ABBY PAYSON PROMINENT SOCIETY LEADER

Mrs. Abby Josephine Payson, who passed away at the Red Cross hospital in an Mateo on March 12, was a member of the pioneer Parrott family of San Mateo and was a woman of the highest ideals. Though surrounded by wealth and affluence she did not forget the poor and lowly. She was charitable to a marked degree, her alms giving were unostentatious. None but those to whom she gave knew her many acts of kindness. The death of women like Mrs. Payson are always a loss to their communities. Few women in the state were more esteemed than Mrs. Payson and none will be more widely mourned.

ASKS FOR CONTINUATION OF SURTAX OF 15 PER CENT

In spite of the abundant snow and rainfall this year in the mountains, the Great Western Power company of California finds it necessary, according to the statement of District Manager L. M. Hardie, to petition the Railroad Commission of the State of California for a continuation of the 15 per cent surcharge which would expire by limitation on April 10, 1921 unless otherwise ordered by the railroad commission.

Mr. Hardie says that while the fuel oil consumption in the steam generating plants will be decreased materially, largely on account of the operation of the new Caribou plant, that other operating expenses have not shown a considerable decrease.

In addition, approximately $16,000,000 has been invested in new property, and no return on this amount was taken into consideration by the Railroad Commission at the time of the establishment of the present surcharge. This additional investment consists largely of expenditures made in connection with construction of the Caribou Power House and the new 165,00 volt steel tower line which extends from the Caribou plant to the San Francisco Bay. The Caribou Power house has an installed capacity of 59,000 horse-power and will be placed in operation within a few weeks.

If the surcharge is continued in effect the net earnings from operation will not exceed 8 per cent on the invested capital.

The hearing in connection with this matter will be held at 10 o'clock on April 10th, 1921, in the court room of the Railroad Commission in San Francisco.

TROUT SEASON OPENED APRIL 1

The trout season opened yesterday Ike Waltons were looking forward with anxiety for some time for the dawn of this day, when they could whip the streams of the county for luscious trout. Numerous good baskets were brought to town, the fish weighing about one pound. Good reports come from the mountain districts to the effect that trout are quite plentiful in all the streams.

W. A. Langley, the well-known farmer of La Honda, was in town yesterday after fishing in the La Honda creek during the early morning hours. He succeeded in landing a fine basket of speckled beauties measuring six to eight inches in length. He exhibited a number to friends in town. They were the finest ever seen in Redwood City.

ABBY J. PAYSON WILL ADMITTED TO PROBATE

The last will and testament f Aoby Josephine Payson, deceased, was admitted to probate in the superior court on Thursday. Garrett McEnerney appeared as the attorney for the estate. The will was executed by the deceased ni 1887 and was entirely written by herself. All the estate is bequeathed to her husband, Captain H. Payson, who is named as executor to serve without bonds.

Joseph A. Donohoe and Captain Albert H. Payson gave testimony as to the genuineness of the document. The estate is variously estimated to be worth from $750,000 to $1,000,000.

SOUTH SAN FRANCISCO WANTS SECOND-CLASS POSTOFFICE

There is a movement on foot at South San Francisco to have the postoffice restored there as a second class office. Some four years ago South San Francisco was made a branch of the San Francisco office and mail is now being delivered twice a day. The people in that thriving town dislike the service and want their own office like all neighboring villages. The townspeople will put forth their best efforts to restore it. All the manufacturing concerns there are preparing to move their city offices to their plants, thus avoiding large rents. All their mail is to be received there. They want quick service and will demand that the postoffice be established in South San Francisco as before.

L. H. Hardy, the councilman of South San Francisco, will be an applicant for postmaster. He is a foundryman connected with the Pacific Coast Steel Company of that city. Mr. Hardy was a strong supporter of Senator Shortridge and Congressman Free at the last campaign.

PESCADERO ITEMS

The Pescadero Social Center has purchased its meeting place, the old Methodist church from the California Methodist Conference and is now housed in its own property. The activities of the Center continue and it has taken up community nursing under the direction of Miss Madeline Ginola who is a trained nurse and who directs the activities of the organization. Last week Mr. Edward Hevey and Hugh McCormick went to San Francisco and purchased a fine standard moving picture machine which was installed and tried out on Friday night. The extension service of the University of California has been secured and several fine reels were shown. On Sunday night a second showing of the pictures was given and the Center was crowded. Mr. Charity Davis is the operator of the machine and handles it like a veteran. The people of Pescadero are solidly behind the Social Center and are making a wonderful success of it.

Miss Hazel Jackson who resides in Sunnyside, left last week for San Francisco where she will enter the Children's Hospital to take training to become a nurse. Miss Jackson is a fine young woman and will without doubt make a success of her chosen profession.

Miss Vesta Wilsey, teacher of the Wurr school at Harrison, was caleld to Corte Madera last Sunday by the very serious illness of her grandmother and closed school for a week.

Mr. and Mrs. Asa Weeks were in Redwood City Tuesday attending to business in the County Seat.

Mr. Arthur Teague was over from Redwood City last Sunday greeting old friends.

GOOD CATCHES OF TROUT REPORTED BY LOCAL ANGLERS

The trout season opened yesterday. Bright and early local Ike Waltons sought the streams of the county. Big catches were made by fishermen in the mountain creeks. Reports from all sections indicate that fish are plentiful everywhere and are of fair size.

Guy P. Hull and A. D. Walsh returned last evening after a day's fishing at the lagoon at San Gregorio. They each caught the limit. J. B. Perry and H. C. Tuchsen sought their mountain ranch at the Virginia Mill Creek where they wil iremain until this evening. Jeff Moore, Albert Mansfield and John Genochio went to the head-waters of the Purissima creek. The party returned late last evening with the limit. The fish were of good size. All report the stream to be well-filled with trout.

JUDGE HENRY M. OWENS WAS WELL KNOWN IN REDWOOD

Judge Henry M. Owens, who died suddenly in his chambers in San Francisco on Monday last, was very well known in Redwood City and before his elevation to the bench spent his summers at his pretty bungalow on Finger avenue, now leased to Mr. Spaulding, superintendent of the Menlo Country Club. The Judge was a self-made man in every respect. He joined the army during the Sioux Indian war and bivouaced on the mountain fastness of Wyoming and the Dakotas with Henry Steinberger of this city who was a sergeant in the army at that time. Both became comrades and the friendship thus gained lasted throughout their lives.
